MYSTERY FOR OMAHA.

Woman Found Dead on the Pavement
in the Residence Section.

[ASSOCIATED PRESS DAY REPORT.]

OMAHA, Aug. 29.—A woman whose
identity is a mystery, was found dead
on the pavement on Park avenue this
morning by a newspaper carrier. Doc-
tors say that she had been dead for
several hours and that death resulted
from a fracture of the skull evidently
caused by a fall on the pavement.

People who live in the vicinity say
that about 11 o'clock last night they
heard a woman scream and saw a
buggy passing, in which was a man
and woman. The man was lashing
the horse into a run and holding the
woman who was standing up and
evidently trying to jump out of the
buggy.

There is at present no clue as to the

identity of either party. The woman is
well dressed and evidently a woman of
refinement. The street where she was
found is in the heart of the best resi-
dence section of the city.

LARGE SUM UNEXPENDED.

Remainder of Reception Fund Will
Assist Sick and Destitute.

[A. P. EARLY MORNING REPORT.]

SAN FRANCISCO, Aug. 29.—Over
\$20,000 of the sum contributed by the
people for the reception of the Cali-
fornia volunteers remains unexpended,
and will be used in aiding the sick and
destitute among them. Employment
will be found for all who desire it, and
the families of the men will also be
cared for.

arations for Reception.

[ASSOCIATED PRESS DAY REPORT.]

MANILA, Aug. 29, 6:10 p.m.—[By
Manila Cable.] Gen. Wheeler has been
ordered to Gen. MacArthur's forces.
He will be given command of Gen.
Funston's brigade, which Col. Liscum
has commanded temporarily.

Gen. Wheeler will proceed to San
Fernando tomorrow, after having
spent a week in energetically visiting
the lines. He said to a representative
of the Associated Press: "I am much
pleased with the situation. I think that
when Maj.-Gen. Otis gets more troops
here he will make rapid progress. The
country is more favorable for mili-
tary operations than I supposed. The
impression that the country is un-
healthy is wrong."

The railroad to Angeles will be re-
stored in a week, and Gen. MacArthur
will advance his headquarters to that
place.

THE GRANT IN PORT.

The Transport Lies in the Stream
Until This Morning.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 29.—United
States transport Grant, bearing the
Idaho, North Dakota and Wyoming
volunteers, arrived here tonight
shortly before midnight. The Grant
left Manila August 1, and touched at
Nagasaki and Yokohama, and left the
latter port for San Francisco August
13. Owing to the lateness of the hour,
the Federal quarantine officer did not
board the transport, and pending his
inspection, she will lie in the stream.
She will be boarded at an early hour
tomorrow.

Idaho has the largest delegation
here for the reception of the returning
soldiers, the Welcoming Committee from
that State being headed by Gov. Frank
Steuenberg and United States Senator
Shoupe. The reception plans include
a breakfast for the boys upon the way
to their debarkation and a banquet at
the Presidio after they reach their
tenting ground.

Before the Grant was sighted, orders
had been given by Maj.-Gen. Shafter
to Col. Duboce of the First California
Infantry, and to Maj. Rice of the
California artillery to hold their com-
mands in readiness to escort in the
men from the Grant from the wharf
to the Presidio.

The ship will land at San Francisco
thirty officers and 516 enlisted men of
the First North Dakota Infantry, U.S.V.,
twenty-eight officers and 445 enlisted
men of the First Idaho Infantry, U.S.V.,
twelve officers and 243 enlisted men of
the First Wyoming Infantry, two of-
ficers and fifty-seven enlisted men of
Battery A, Wyoming Light Artillery,
U.S.V.; eight officers and eighty-four
discharged soldiers, twenty-five con-
valescent patients, seven naval pris-
oners, two naval hospital patients and
four civilian passengers.

During the voyage there were five
deaths as follows: August 2, Sergeant
Benjamin Moore, Co. H, First Wyom-
ing, died of dysentery and was buried
at sea. August 3, Hospital Steward
Frederick Durham, an insane patient,
eluded his guards and jumped over-
board at night. A boat was lowered,
but no trace of the man could be
found. August 6, Thomas Olsen, cor-
poral Co. F, Wyoming Regiment, died
at Nagasaki on board ship; buried at
Nagasaki. A fireman, Robert Starrall,
died and was buried at sea August 15.
August 20, David Harrold, corporal
Co. K, First North Dakota, died at sea;
body on board.

At Yokohama a Mr. Cookley, a
civilian passenger and Capt. Clark of
Wyoming Light Artillery, were left
behind as were also two passengers, one
refrigerating engineer and one officer
from the crew.

TROOPS AT PRESIDIO.

Haste Is Being Used in Their Dis-
patch to Manila.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, Aug. 29.—All
haste is being used in the dispatch of
the troops now waiting here to Manila.
It is expected the entire casual de-
tachment now at the Presidio will set
sail within about two weeks.

The Pueblo left today with 650 re-
cruits. The Warren goes on the 1st
and the Columbia on the 5th with as
many recruits and casuals as they
can carry. If these assignments do
not take up all the recruits now at the
Presidio, the remainder will be shipped

on the Sherman, which will be ready in
about ten days.
The Leelanaw will leave with her
horses on the 31st of this month. The
Colorado regiment turned over their
arms today. They have been assured
by the citizens of their State of a spe-
cial train to Denver and expect to
leave about September 9.

GEN. SHAFTER PRAISED.

COLORADO'S GOVERNOR TESTIFIES
TO HIS EFFICIENCY.

Disembarking of Troops and Their
Prompt Removal to the Presidio
Convinces Gov. Thomas That No
Precautions Had Been Neglected.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 29.—The War
Department has made public the fol-
lowing correspondence between the
Governor of Colorado and Secretary
Root:
"DENVER (Colo.) Aug. 24, 1899.—
Hon. Elihu Root, Secretary of War,
Washington—Dear Sir: I visited San
Francisco last week to be present upon
the arrival of the Colorado volunteers
from Manila, and I take pleasure in
testifying to the efficiency which, in
my judgment, characterized the action
of the Department of the Pacific un-

der Gen. Shafter on the occasion men-
tioned.
"The transport was promptly docked
and the troops were promptly dis-
embarked; every facility for immediate
movement to the Presidio was fur-
nished, and a personal inspection of
their tents and quarters, convinced me
that no sanitary precaution had been
neglected in the preparation which
had been made for their enforced de-
tention as preliminary to their dis-
charge."
"I have taken the liberty to impose
this opinion upon your valuable time
because I have heard various adverse
criticisms of Gen. Shafter's manage-
ment in similar cases, and from my
personal observation could conceive
no legitimate ground for them."
"I have the honor to be your most
obedient servant."
[Signed]

"CHARLES S. THOMAS,
Governor of Colorado."

Secretary Root's reply was as fol-
lows:

"WAR DEPARTMENT, Washington
(D. C.) Aug. 29, 1899.—My Dear Sir:
I thank you for your letter of August
24, testifying to the efficiency which
has characterized the action of the
Department of the Pacific under Gen.
Shafter, on the occasion of the arrival
of the Colorado volunteers from Ma-
nila. There are so many ready to say
ill-natured things that it is really
gratifying to have expressions of fa-
vorable opinion of this description."

PREPARING A WELCOME.

Idaho, North Dakota and Wyoming
Troops Not Forgotten.

[A. P. EARLY MORNING REPORT.]

SAN FRANCISCO, Aug. 29.—Ar-
rangements have been completed for
receiving the Idaho, North Dakota and
Wyoming volunteers due at any hour
to arrive from Manila on the Grant.
The three State delegations, which are
here to extend a welcome, have reached
an understanding so that there will
be no conflict in the programme.
The plan in general is for the offi-
cials and welcoming committees from
the three States, to go out on tugs to
meet the transport, as soon as it is
sighted. Each soldier will be pre-
sented with a box of luncheon to eat
before debarking from the Grant. The
troops will then march to the Presidio
escorted by Gen. Shafter and staff and
the regular and volunteer garrison.
United States Senator Shoupe of
Idaho has arrived, and will participate
in the welcome to be given the troops,
in company with Gov. Steuenberg of
the same State, Senator Henshaw of
North Dakota, Gov. Richards of
Wyoming and many other prominent
men now on the Grant to which sent the
Minnesota and South Dakota
regiments are due about September 9
on the Sheridan.

REGIMENT'S MUSTER-OUT.

Col. Duboce Sets Time for Beginning

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 29.—Pre-
paratory work for the muster-out
process is assuming shape in the camps
of the California Regiment and the
heavy artillery. Captains and clerks
were busy today making up the com-
pany rolls that must be sent to Wash-
ington and returned before the men are
paid off.

Col. Duboce said the work of mus-
tering-out would begin about the 20th
of September. Meanwhile the boys
spend their time visiting friends and
relatives except for the few hours they
are required to stay in camp.
Sunday afternoon, a memorial
service in honor of the fall of the
heroes will be held at the Alhambra
Theater. Short addresses will be made
by Dr. B. F. Barton of the Plymouth
Congregational Church, Dr. Robert Mc-
Kenzie, Rabbi Voorsanger, Prof. David
Starr Jordan of Stanford University,
Prof. E. B. Bacon of the University of
California and Father McKinnon who
was with the boys during their cam-
paign. Music by the band of the First
California Regiment will open and close
the service and the Loring Club, com-
prising one hundred male voices, will
lead the singing.

DEWEY HOME FUND.

Not Yet Twenty Thousand Dollars,
but More Is Promised.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 29.—Although
the Dewey home fund is increasing
only by small contributions and has
not yet reached the \$20,000 mark, Treas-
urer Roberts says there are \$15,000 addi-
tional in sight for the fund. This
amount has been promised from New
York, Pittsburgh, Cleveland, Chicago,
Milwaukee and other western cities.
RECRUITING VOLUNTEER REGI-
MENTS.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 29.—Although
recruiting for the ten new volunteer
regiments has not yet been actively
started in all parts of the country, 2764
men have already been raised for these
regiments, including 157 enrolled yester-
day. Additional recruiting stations
are being established in different parts
of the country.

SECOND LIEUTENANT.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, Aug. 29.—Fireman Jones
of the Southern Pacific Company was
today informed that he will receive a
commission as second lieutenant in the
regular army, and will go at once to
Manila. Lieut. Jones, who is only 19
years old, was a member of Co. F, in
the Eighth regiment, and some time ago
took the examination for a commission.

HARBOR FERRY

SCHEME WATCHED.

Gen. Wilson Will Protect
the People.

Capt. Meyer to Investigate the
Espee's Action.

Can Stop Any Work Prejudicial
to San Pedro.

Sections of the River and Harbor
Act Under Which He Can Oper-
ate—Obstruction of Water-
ways Prohibited.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Aug. 29.—[Exclusive
Dispatch.] Gen. John M. Wilson, Chief
of Engineers of the War Department,
has taken the first step toward guard-
ing public interests in San Pedro Har-
bor and preventing any usurpation of
public rights by the Southern Pacific
Railroad. The entire work at San Pedro
is in charge of Capt. J. J. Meyer, who
for some time has been absent from his
post on account of family bereavement.
Capt. Meyer is now returning from
Washington to San Pedro, and the
Southern Pacific Company's action has
been referred to him.

Gen. Wilson said today that the War
Department had no information con-
cerning the Southern Pacific's acts in
establishing a ferry line in the harbor,
other than the lucid statement set
forth in an editorial printed in The
Times a few weeks ago. Acting upon
this information, however, he has called
Capt. Meyer's attention officially to
the matter, and the latter officer has
full authority to take such action as
the case may need. If Capt. Meyer
finds the Southern Pacific violating the
statutes he has power to order the com-
pany to stop. The statutes bearing
upon the matter are found in the River
and Harbor Act, approved March 3,
1899—sections 10 to 17, as follows:

"Sec. 10.—That the creation of any ob-
struction not affirmatively authorized
by Congress, to the navigable capacity
of any of the waters of the United
States is hereby prohibited; and it
shall not be lawful to build or com-
mence the building of any wharf, pier,
dolphin, boom, weir, breakwater, bulk-
head, jetty, or other structures in any
port, roadstead, haven, harbor, canal,
navigable river or other water of the
United States, outside established har-
bor lines, or where no harbor lines
have been established, except on plans
recommended by the Chief of Engineers
and authorized by the Secretary of
War; and it shall not be lawful to ex-
cavate or fill, or in any manner to
alter or modify the course, locations,
condition, or capacity of any port, road-
stead, haven, harbor, canal, lake, har-
bor of refuge, or inclosure within the
limits of any breakwater or of the
channel of any navigable water of the
United States, unless the work has
been recommended by the Chief of En-
gineers and authorized by the Secre-
tary of War prior to beginning the
same.

"Sec. 11.—That where it is made man-
ifest to the Secretary of War that the
establishment of harbor lines is essen-
tial to the preservation and protection
of harbors he may, and is hereby au-
thorized to cause such lines to be es-
tablished, beyond which no piers,
wharves, bulkheads, or

FASTEST FUTURITY.

YEAR-OLD EVENT.

Extasy and Rita E. Take Second and Third Money from the Twenty-thousand-dollar Purse of the Horse Review.

Robert Fitzsimmons Wins the Twenty-two Pacing Race—Fifteen Thousand People at the Dubuque Track.

Boston Takes Two Games from Cleveland—Dolphin Stakes at Sheephead—Derby Race Meeting—Tennis.

DUBUQUE (Iowa), Aug. 29.—Idolita, owned by Frank Jones of Portsmouth, N. H., pulled down the winner's share of the Little Horse Review stake for three-year-olds today. The little bay walked from her field in each of the three heats, and won hands down. The purse was worth \$20,000, and was the third of a series of Futurity offerings put up by John C. Bauer of Chicago. Today's race was the fastest three-year-old Futurity ever trotted. The first heat was made in the following time: 0:33, 1:06, 1:40, 2:12. This was the fastest of the three heats, and equalled the three-year-old record in a class trot made at Louisville last year.

The money was divided as follows: Idolita, owned by Frank Jones, \$900; Extasy, owned by H. C. McDowell of Lexington, \$450; Rita E., owned by W. H. Brown of Salt Lake, \$225; Irma Electric, owned by Henry Axell, Dallas, Tex., \$112.50; My Trick, owned by Marcus Day of Montana, \$56.25. The balance of the purse was divided between the two losers of the series, the winner and the second horse. Of this amount the estate of Senator Stanford secured \$3000.

Idolita, the favorite in the betting, was never in danger of losing the race. She led all the way in the first heat. Coming down the stretch, Extasy challenged the leader, but broke fifty feet from the wire and lost what looked like a chance for the first honors of the heat. Crystalline broke at the start, and with Longan, was distanced.

In the second heat, Extasy broke again, this time at the quarter. Idolita went out to the front and took the ground easy. There was a hard struggle from the half pole to the wire between Rita E. and Daly's colt, My Trick, for second place. The Montana colt closed up a gap of twenty lengths, and came in only a half length behind Rita E. This heat was slow, in 2:14.5.

Again, in the third heat, Idolita cut the pace. Extasy broke at the half, but caught her again at the three-quarter mark. The stretch neck and neck, with Rita E., and this time beat the latter to the wire by a nose in a furious drive. Crystalline was a close fourth, with the others well up. The time of the race was 0:33, 1:06, 1:39, 2:14.

The 2:20 pace, worth \$1300, was easy money for the favorite, Extasy. She won the race in 2:20.4. The other horses, in the third heat, Arbutaskan challenged Shade On at the last turn for second money. They closed up a few feet at the end of the race, but Shade On nosed out second prize. They forced Robert to do this heat in 2:04, which he did with great ease.

The first heat was a close one. Central stake of \$3000 for 2:12-class trotters, furnished the prettiest race of the meeting. Coming into the stretch, the field was divided into two groups. Copeland, the favorite, on the pole. At the last turn, Al Toka and Humboldt Maid pulled out of the bunch, followed by the three remaining horses. The stretch side by side and finished noses apart. The three remaining heats went to Sir Charles in slow time. Copeland broke continuously and was unable to get inside the money.

Spellman gave the crowd a sensation in the third heat by pulling out of the bunch at the half and setting a clip. The horse Review stake, a clip, the first heat, was a close one. Central stake of \$3000 for 2:12-class trotters, furnished the prettiest race of the meeting. Coming into the stretch, the field was divided into two groups. Copeland, the favorite, on the pole. At the last turn, Al Toka and Humboldt Maid pulled out of the bunch, followed by the three remaining horses. The stretch side by side and finished noses apart. The three remaining heats went to Sir Charles in slow time. Copeland broke continuously and was unable to get inside the money.

Today's weather was perfect for racing, perhaps a trifle too warm. In the neighborhood of fifteen thousand people saw the contents. Summary: The Horse Review stake, three-year-old trotters, purse \$20,000. Idolita, b. c., by Monaco-Edith (Mars), 1 1 1. Extasy, by Baron Wilkes-Ethel (Mars), 2 2 2. DOLPHIN STAKES.
His Lordship a Favorite, but McCleod of Dare Wins.
[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, Aug. 29.—In the Dolphin Stake at Sheephead today His Lordship was a slight favorite over McCleod of Dare. Today's race was the fastest three-year-old Futurity ever trotted. The first heat was made in the following time: 0:33, 1:06, 1:40, 2:12. This was the fastest of the three heats, and equalled the three-year-old record in a class trot made at Louisville last year.

The money was divided as follows: Idolita, owned by Frank Jones, \$900; Extasy, owned by H. C. McDowell of Lexington, \$450; Rita E., owned by W. H. Brown of Salt Lake, \$225; Irma Electric, owned by Henry Axell, Dallas, Tex., \$112.50; My Trick, owned by Marcus Day of Montana, \$56.25. The balance of the purse was divided between the two losers of the series, the winner and the second horse. Of this amount the estate of Senator Stanford secured \$3000.

Idolita, the favorite in the betting, was never in danger of losing the race. She led all the way in the first heat. Coming down the stretch, Extasy challenged the leader, but broke fifty feet from the wire and lost what looked like a chance for the first honors of the heat. Crystalline broke at the start, and with Longan, was distanced.

In the second heat, Extasy broke again, this time at the quarter. Idolita went out to the front and took the ground easy. BATTLE AT DAJABOU.
[A. P. EARLY MORNING REPORT.]
NEW YORK, Aug. 29.—A dispatch to the Herald from Cape Haytien, Hayti, says that there was a battle at Dajabou several days ago in which, according to the report received here, the government lost twenty-five men killed and wounded, and the insurgents only a few. The revolutionists, however, by instructions from Gen. Jimenez, Ramon Pacheco has been made commander-in-chief in the northeast, pending the arrival of Gen. Toribio Garcia.

Private letters from Porto Plata quote the Governor there as saying that he will surrender the town to the revolutionists if they approach it. He says that as he is a national uprising, he would avoid shedding blood.

PORTO PLATA ATTACKED.
Government Wants Hostilities Suspended for Ninety Days.
[A. P. EARLY MORNING REPORT.]
NEW YORK, Aug. 29.—A dispatch to the Herald from Porto Plata says that an attack was made by the insurgents today on Santiago. The revolutionists are gaining in strength daily. Another battle took place yesterday between the government and the rebels. The government forces were defeated. The rebels are now in possession of the town. The government is now in a difficult position. It is unable to maintain the town. It is unable to maintain the town. It is unable to maintain the town.

NEARING THE CAPITAL.
Government Apparently Unable to Put Down the Insurrection.
[A. P. EARLY MORNING REPORT.]
NEW YORK, Aug. 29.—A dispatch to the Herald from Santo Domingo, Friday, via Key West, Fla., says the tide of revolution is rapidly nearing the capital. The revolutionists have crossed the mountains and are now only six hours distant from the city. The government is tottering and apparently unable to check the insurrection. Yesterday it dispatched a commission to confer with the rebel leaders for the purpose of trying to effect a compromise. Meanwhile there is great suspense. The capital may be besieged in a few days if a compromise fails.

Among the people there is general alarm. The President never leaves his residence by night or day except with a double guard. The city is virtually under military law. The soldiers are bottling the streets. The foreign consulates are crowded with alien and apprehensive of order.

The military commander of San Cristobal was assassinated on Tuesday. Picardes demanded the release of the prisoners. The military preparations are being rushed by the government and the rebels are now in a position to attack the capital. The revolution is spreading.

Gen. Lora of the La Vega district has gone over to the revolutionists, taking with him many soldiers. Some of the Dominican army have gone into the city. It is rumored that the President and Cabinet, in case of emergency, will flee to Santo Domingo.

If serious trouble comes, the people here are looking to the United States for aid. The United States is expected to send a fleet of warships and a French cruiser are prepared to land marines to protect the consulate.

Chicago's New Exhibition Building.
CHICAGO, Aug. 29.—Work will be begun within a week on a permanent agricultural building, to be located at the main entrance to the Union Stock Yards, and to cost \$100,000. The building will be a modern fireproof structure, built of stone, steel and brick, three stories high, seventy-five feet wide and 200 feet long. Several governors of Western States have made application for space, and will arrange for the placing of their produce in the building.

Deaths Caused by Collapsing Framework Now Number Ten.
[ASSOCIATED PRESS DAY REPORT.]
CHICAGO, Aug. 29.—The difficult task of removing the heavy iron arches and twisted girders that form the debris of the framework of the Coliseum, which collapsed yesterday, was continued, vigorously today.

The list of those who lost their lives yesterday in the falling of the heavy iron arches now numbers ten. Edward Swanson, reported among the missing, was today added to the roll of death.

A companion of Swanson, when the accident happened, today told the police he had taken his friend's body from the ruins in a horribly mangled condition, and that the remains had been taken away in an ambulance. What disposition was made of them is unknown.

Samuel Smith, Alexander Millas, Joseph King and others reported missing, have been accounted for, all having escaped.

The hospital authorities today reported that of the injured, John Marshall was in the most serious condition, and will probably die. His skull was fractured, his right leg cut off and the other limb badly crushed.

ABSOLUTELY SAFE.
MINERS NORTH OF YAQUI RIVER NOT MOLESTED.
Fighting Indians Keep to the Brush and Jungles—Many Reconcentrados in the Village of Potam. Prospector Saw Six Indians Shot.

[A. P. EARLY MORNING REPORT.]
GUAYMAS (Mex.), Aug. 29.—(Wired from Nogales, Ariz., Aug. 29.)—G. H. Lacy of Phoenix, Ariz., and E. A. Walter Meyer of Chicago, sent by Chicago principals to prospect in and beyond the Yaqui country, arrived in Guaymas last night from Potam, a Yaqui village in the midst of the recent Indian conflict, which they left July 22.

Lacy says that neither property nor people north of the Yaqui River were molested, and that the prospecting and mining could be conducted with absolute safety. All the fighting Indians were in the brush and jungles south of the river, and were gradually making their way to the mountains. In the village of Potam were 300 reconcentrados and 100 Mexicans.

At no time during his stay, he says, could the Indians have been prevented from taking the town and slaughtering the inhabitants. He says he saw with his own eyes the execution of the execution of forty or fifty more.

REPORTS OF DISCORD.
General Manager Cook Says They Will Soon Be Set at Rest.
[A. P. EARLY MORNING REPORT.]
CHICAGO, Aug. 29.—The Record says that J. P. Stone, vice-chairman of the Democratic National Committee, has named the committee of the new standing committee of the national organization, which that body authorized to be appointed at its July meeting in Chicago. Stone is waiting to receive the acceptances of these committees before making public his appointments.

This news was brought to Chicago by Samuel B. Cook, general manager of the Democratic Ways and Means Committee, who returned from a conference with J. P. Stone in St. Louis. Cook said the appointments had been made after corresponding with Chairman Jones of the National Committee, and with the approval of the Senator from Arkansas. When the appointments were made known, Cook said they would be kept in the hands of the members of the National Committee. Under the rule of the National Committee, all members of the subordinate organizations, and members of the national organization. The Ways and Means Committee will consist of five members, and it is believed Stone has chosen three members, and the fourth will be appointed by the committee. The question of retaining Devlin at the head of the press bureau of the party will be kept in the saddle, no matter who is on the Press Committee, but it is believed a compromise will be effected when Senator Jones returns, by which the bulk of the campaign literature will be sent from the bureau to be established in Washington, under the eye of Chairman Jones.

CATHOLIC PICNIC.

THOUSANDS OF VISITORS AT LONG BEACH YESTERDAY.

Bishop Montgomery Tells the Sea-side Citizens How to Invite the Patronage of the People of His Church—Athletic and Other Contents.

Long Beach entertained at luncheon yesterday. The guests were Catholics and their friends from Los Angeles and neighboring places, who went to attend their annual picnic. The number of yesterday's visitors at the sea-side town is estimated at 3500. Some people say the crowd numbered 5000, but those figures undoubtedly include the summer beach residents, who mingled with the throng. The public pavilion was given over to the visitors, who were made to feel thoroughly at home. Among those who enjoyed the day's outing were numerous parish priests. In the public exercises there were cordial expressions of good will between representative Catholics and Protestants.

The formal exercises were held on the upper floor of the public pavilion. Joseph Scott, the president of the day, introduced the speakers. H. C. Dillon, who was one of the vice-presidents, was seated on the rostrum. After an overture by Arend's Orchestra the chairman presented J. J. Hart, acting president of the Long Beach Board of City Trustees. In introducing that speaker, Mr. Scott referred to two Catholics who live in and near Long Beach as longshore fellows. It is very consoling," said he, "to know that people not of our religious faith are so broad and liberal in their views as to extend their hearty welcome to the Long Beach has given us today."

In greeting the visitors, Acting Mayor Hart made some allusions to the recent great progress in Long Beach, and said he was sure that the people of the town felt very highly complimented by the fact that the Catholics had chosen it for their picnic place. "If any unlooked specimen of humanity raises a disturbance here today," said Chairman Scott, "we want you to take it for granted that he is not one of our crowd, but some loiterer who has drifted in."

Bishop Montgomery flung a few jests at the chairman and made some remarks in response to the town's welcome. "I want to say to the people of Long Beach," said he, "that they have given us evidences of progress. There is only one thing lacking. Our chairman has said that there are few Catholics in Long Beach. Now I want to tell you people a secret. You have not in Long Beach a Catholic church, or place to build one. Some people think that Catholics are superstitious, and that they have cloven feet, but I don't believe the Long Beach people think so. Our people do not permit anything to go to mass on Sunday. We believe that there should be no vacation in serving God. If Long Beach wants us to come here, let her present to the Catholic church a half-block of land somewhere in an eligible location, and we will go to work to build a church on it. Our people do not ordinarily go where there are no Catholic church facilities.

"We ought to sanctify our amusements and recreations. Innocent amusement is good for any one. Bad forms of amusement or good ones when abused may be very harmful. When you come with your families for a day's outing like this you must not permit your children to see anything or hear anything that would disfigure

them in the slightest sense of the word."

Rev. J. B. Holley, pastor of the Long Beach Christian Church, induced much hand-clapping by some pleasant things which he said of the Catholics from the standpoint of one not of their faith.

P. P. O'Brien, late of Pennsylvania, in the course of an address, declared that the statement that Catholics owe their allegiance to a foreign potentate is false. He turned over numerous pages in the country's history, and pointed out where Catholics have played a prominent part in its development.

Immediately following the literary exercises, there was a baby show, at which P. P. O'Brien, Mrs. Fitzpatrick and Mrs. Martin O'Neill were the judges.

Of the infants 1 year and under, the prize winners were: First, John Ambrose Eugene Wade, 5 months, son of Mr. and Mrs. John D. Wade; second, Robert McNeil, 7 months, son of Mr. and Mrs. Duncan McNeil; third, Jennie Richards, 5 months, daughter of Mr. and Mrs. Paul Richards; fourth, Marjorie Croake, 3 months, daughter of Mr. and Mrs. P. W. Croake; fifth, Maggie Allen, 10 months, daughter of Mr. and Mrs. Edward Allen.

The winners of prizes for babies aged between 1 and 2 years were: First, Leonie Stuckelbaut, 2 years, daughter of Mr. and Mrs. P. G. Stuckelbaut; second, Rosie Stammer, 23 months, daughter of Mr. and Mrs. Adolph Stammer; third, Frances Gopod, 1 year, daughter of Mr. and Mrs. Dominic Gopod; fourth, Henry Schief, Jr., 18 months, son of Mr. and Mrs. Henry Schief; fifth, Margaret, daughter of Mr. and Mrs. William Wall.

After luncheon a programme of athletic sports was presented on the beach. The 100-yard dash for men was won by James Mead. The 100-yard dash for boys was won by Paul Mege. The 100-yard dash for girls was won by Miss Nellie Fitzgerald. P. J. O'Connor scored the longest distance at throwing the hammer. P. J. Ward attained the furthest mark in putting the shot. Eight single men gained a victory over eight married men at a tug-of-war on the sand. The members of the winning team were: P. J. O'Connor, P. J. Ward, A. S. Rodriguez, Charles Little, Barney Bruggman, Alex. Anton, Thomas Furlong, H. O. Meyer and Daniel Phelan. The Irish jig and reel contest on the lower floor of the pavilion attracted a liberal share of attention, especially from those whose youthful days had been spent in the land of Blarney Castle. A piper in costume rendered a lively piece and the contestants executed difficult dances after the style practiced in Old Ireland. The winners were Miss Kate Roche and Henry Morrissey.

On the upper floor of the pavilion dancing was enjoyed all the afternoon. The dancing space was all the while surrounded by a great crowd. Among the officers and committees in charge of the celebration were the following: Secretaries, J. P. Delaney; treasurer, T. J. Cunningham; Executive Committee, M. T. Collins, P. J. Ward and J. P. O'Connor; Games and Sports Committee, P. W. Croake, P. J. Ward and P. J. O'Connor; Jig and Reel Committee, P. J. O'Connor, Chris Hickson, Eugene O'Shaugh; Floor Committee, John M. Boland, Eugene O'Shaugh, Charles Enelbricht, L. E. Meyer, Dr. Anton, R. Dwyer, Harry Wheeler, Dr. J. Gillespie, John Korbel, Phil O'Brien, J. H. Roberts, N. Lindenfeld, William Schallmo and M. T. Collins; Ladies' Reception Committee, Mmes. M. T. Collins, A. J. Scholl, Joseph Mesmer, Richard Molony, P. J. P. O'Brien, P. McGowan, J. O. Sullivan, J. H. Barclay, J. J. Rodriguez, J. J. Bodkin, P. [RAILROAD RECORD.]

MERCHANTS' EXCURSION.

Suggestion for One to This City Has Been Taken Up.

The railroads have taken up the suggestion that a merchants' excursion to Los Angeles should be arranged for sometime during the coming autumn, and December has been mentioned as the probable month. The merchants have not yet been directly consulted, and when they are it is believed they will suggest that early in November would be the proper time for such an excursion. Thanksgiving day opens the holiday season. Christmas and New Year's follow. Merchants purchase supplies for the whole season in time to open them up for the first big day. Purchasing of fall goods of a general nature is done in November. December is too late for this.

September 4 is the limit date on National Educational Association delegates' tickets. Those who have remained here to this time are now hurrying out every day.

J. M. Johnson, third vice-president of the Chicago, Rock Island and Pacific, who has been here since Sunday, will go to Coronado today for a visit of a week. Mr. Johnson is accompanied by a party of friends.

INTEREST IN RECRUITING.

Six Applicants for the Thirty-fifth U.S. Volunteer Infantry.

The new recruiting office, at No. 108 West Second street, attracted quite a crowd of interested spectators yesterday. The crowd stood around the windows nearly all day and read the posters stating the qualifications required for enlistment. Much interest was taken in the work of the office, and six applicants enrolled their names and will be examined by the physician today. The recruiting station will be open evenings, by order of Maj. R. D. Walsh, in order to give working-men a chance to talk over the situation with the officers after working hours.

Lieut. Gordon N. Kimball, who has been recruiting under Capt. H. T. Mathews, at the small outlying towns, received orders from Maj. Walsh to report at Stockton for recruiting duty and left for that town last night.

Capt. H. T. Mathews, Co. D, Thirty-fifth United States Volunteers, who has had charge of the recruiting in Southern California, was in town yesterday. He has received orders to report at headquarters and will leave tonight for Vancouver Barracks.

WILL GO TO MANILA.

Capt. Halpin Ordered to Join the Thirty-fifth.

Another officer of the Seventh Regiment, N.G.C., has been honored with a commission in the Thirty-fifth United States Volunteer Infantry. Arthur F. Halpin connected with the National Guard in Southern California, has been appointed captain in the new regiment. Last Saturday evening, in obedience to orders from the War Department, he left for Vancouver Barracks, where the Thirty-fifth is now being mobilized.

Capt. Halpin's first service as an officer in the National Guard was as captain of the Anaheim company in the Ninth Regiment, since consolidated with the Seventh. Later he was promoted to be major. For a time after the union of the two regiments Capt. Halpin had no connection with the militia, but at the outbreak of the recent war he enlisted in Co. A of the Seventh Regiment and was given corporal's stripes. He was subsequently promoted to be second lieutenant in Co. K of San Bernardino. Previous to coming to America Halpin, who is an Englishman by birth,

served in the British navy. He also served as an officer in the British army, and participated in several African campaigns.

DR. VAN LIEW'S SUCCESSOR.

Normal Trustees Undecided Between Two Psychologists.

No successor was elected to C. C. Van Liew as instructor in psychology in the Los Angeles Normal School at the meeting of the trustees yesterday afternoon. President Pierce told the trustees that he would like more time before making a final recommendation. The election lies between two men, both said to be amply qualified for the work by experience and university training. One is Dr. Quanta of Toronto, Can., who has studied his specialty in four different universities. The other is Dr. George F. James, assistant professor of psychology in the University of Chicago. He is a brother of Prof. Edmund James, professor of public administration and director of university extension work in the University of Chicago, who was at one time mentioned as a probable successor to Martin Kellogg as president of the Normal School. Miss Fargo has for some years been connected with the Los Angeles Public Library.

President E. T. Pierce was empowered to appoint a janitor for the Normal School.

Clark Appointed Bailiff.

L. M. Clark was yesterday appointed bailiff in the United States courts, to succeed William Cline, resigned. The change excited comment among the occupants of the United States building. It has been whispered about that the action of the bailiff in appearing for the defense in some recent Chinese deportation cases did not add anything to the popularity of the officer with his superiors.

Flexible Rubber Dental Plates

Have many advantages over the old thick, cumbersome, ordinary rubber plates, and even over gold plates, being much lighter and thinner. These plates are flexible, only a trifle thicker than heavy writing paper, fit closer and adhere better to the roof of the mouth. Particles of food and small seeds cannot get under them. They will last longer, are stronger than any others, and will not break, as they will give first, being flexible. Once tried none other will be desirable. Dr. Schiffman's own process, brought to the notice of the public by him only, and made ONLY by us. A perfect fit guaranteed in every case of plate work. Persons having trouble with their plates or in having plates fitted, are invited to call and consult us.

Beware of Cheap Imitators and Professional Jealousy.

BUSINESS.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE TIMES.
Los Angeles, Aug. 29, 1899.
THE BANKS AND THE TREASURY. A great deal of innocent wonder has been lately expressed at the fact that the gold deposits at San Francisco have been made available at New York. Instead of shipping the gold, it is credited to the New York sub-treasury, and there checked out by the banks owning it. That so purely a credit and banking economy should excite any wonder must be due to the infrequency with which the government financial operations are made to harmonize with the banking operations of the country, says the American Banker. When the treasury does something that is, so to speak, "up to date," people are surprised and the children are confounded. The United States Treasury, theoretically considered, is founded on the principle that banks cannot be trusted and must not be associated with the fraternal bank. When a Secretary of the Treasury comes along who knows banking and has had a practical experience with its great economies, a more harmonious relationship between the public purse and the people's purses is happily established.

BELLFLOWERS SHY. The Watsonville Pajaronian says the crop of Bellflower apples in that section is very shy this year. The matter has an important bearing, as the Pajaronian Valley furnishes the State, but the mountain States, with this variety of apples.

MARACHINO CHERRIES. A dispute has been on about the duty on Marachino cherries. The collector's classification put a duty of 1 cent per pound, plus one cent per pound on the fruit. The importers claimed that they were merely preserved fruits, and asked for a straight duty of 2 cents per pound. The collector's classification has been upheld, and the fruit will pay the duplex duty.

FRENCH WALNUTS. The latest news from France is that the crop of Mayotte, or Grenoble walnuts is light, while that of Marbot and Corne nuts is a full one. The French walnut is better for our interests, as it is the lower priced nuts we have to fear. Grenoble, with the duty paid, will probably be a heavy competitor with actively with California nuts. The California crop will be of excellent quality this year. The nuts last year were badly burned by three spells of excessive hot weather. This year there has not been one day so warm as to do anything but the highest good to the walnut crop.

EASTERN APPLE CROP. A correspondent writes from Rochester, N. Y., to the California Fruit Grower about the apple crop as follows: "Regarding the outlook of evaporated apples in the State of New York, we wish to say that the general estimate of the apple crop is about 40 per cent. of an average crop. The green fruit is looking fine and undoubtedly a large quantity will be exported. Exporters are starting up their plants, and in some instances have been drying for about a week. We will have a large proportion of the crop ready for export that reason evaporators are able to start business three weeks ahead of normal years. In our opinion this year's crop will be a heavy one, and September 15 will bring from 6 to 6 1/2 cents per pound in bulk, for common to prime quality.

"Considerable secrecy was maintained at the National Apple Shippers' Association Convention recently held in Detroit, but it was not definite; it was neither direct nor complete. Fruitman's Guide, which had a representative present at the convention, and is willing to gamble on the approximate accuracy of the figures as compared with those in the official report, if the latter could be seen.

"Percentage of the apple crop—California, 75; Canada, exclusive of Nova Scotia, 55; Colorado, 50; Idaho, 40; Illinois, 40; Indiana, 40; Iowa, 40; Maryland, 40; Missouri, 45; Michigan, 50; New York, 60; Nebraska, 75; New England, 25; Pennsylvania, 45; Virginia, 40.

GENERAL BUSINESS TOPICS.
GOOD TIMES GENERAL. Great news is coming from the corn-growing States these days, and the St. Louis Globe Democrat. Not only has the wheat crop in Missouri, Kansas, Nebraska and the other States of this neighborhood been above the average, but the corn crop is going to be one of all previous figures. The Kansas corn crop will, according to estimates, be a long way in excess of 300,000,000 bushels. Nebraska's crop is estimated at from 275,000,000 to 280,000,000 bushels, and the latest reports seem to indicate that it may go up to the 300,000,000 mark. Iowa's crop is also a good fortune. The news from Colorado, Minnesota, and the Dakotas is likewise encouraging in the highest degree. This immense increase in the crops is causing some curious theories. The demands on the labor bureau in the farming regions in the West were never so great as they are now. The men and the agencies are powerless to meet them. Wages higher than any given in many years are offered, but the supply of workers is far below the demand. Women are working in the harvest fields in Missouri, Iowa, Nebraska, Kansas and all the neighboring States. This is a new thing in the history of working out of doors with men. It is altogether new in the United States, however, and is very likely to help in the harvesting because the supply of men is inadequate. The crops are the largest ever known, and the labor of the women is necessary to prevent loss through delay in harvesting. The West, like the rest of the country, is at the high tide of prosperity. Everybody is cheerful. The outlook is brighter than it has been in the agricultural regions in many years.

STOCKS IN WAREHOUSES. The official monthly statement of dutiable goods in bonded warehouses at the port of New York on July 31, reported by the Journal of Commerce, shows a decrease of \$929,398 as compared with the value of such goods on June 30. There was a marked falling off in the value of tea, the July figures being \$1,850,202, as against \$2,087,195 for the previous month. Coal, tar colors, tobacco, artificial flowers, very slight fluctuations. Cotton, bleached, increased from \$34,724 to \$37,881, and cotton laces from \$148,774 to \$218,195 in July. There was an increase also in silk dress goods, silk ribbons and silk clothing. Beet sugar remained unchanged, while cane sugar also suffered. There was a disposition in the early hours of the month to decline, and the effort was assisted by several strong features in the list. But the persistent heaviness of the rail-road stocks and the market exhaustion of buying demand discouraged the bulls and turned the scale in favor of the bears. Stocks in which manipulation by pools has been recent evident, showed a conspicuous lack of support. Conspicuous in this class was Louisville and Nashville, which was sold off, preferred, Baltimore and Ohio, and Western Union. Some of the minor stocks which have been under recent manipulation also suffered severely. Some opposition to the early heavy rise in the market was shown by the Republic Steel stocks. Steel and Wire was

ture, fixtures, etc., \$55,000; total, \$97,000. Bonds and mortgages, \$130,000; accounts payable (since paid), \$3,000; profits, \$4,820.40 (less dividends of \$700,000, \$4,120.40); total, \$97,555.64.

LOCAL PRODUCE MARKETS.

LOS ANGELES MARKETS.
LOS ANGELES, Aug. 30.
Poultry has begun to come in early this week, and with practically no demand; buyers hold off for low prices. The unusually hot weather makes it undesirable to carry stock long.
Local eggs are very scarce. Most houses confess to have none at all. Those who had been selling in the morning at 22 cents per dozen, but came in later were for 23 cents on the basis of lay-down cost. Eastern eggs are moving freely, but a good moving of those which have come in is at a discount of all the effects of hot weather, and of having been in an ice car. Some are taking out of storage the local eggs put in last April. But the market is not so good. There was talk more or less of getting the price up on all kinds. This action hinged on the fact that the local butter boom would do at the afternoon session. But the buyers concluded to leave their prices at 25 cents.
The idea of this market is not that it is weak in itself, but only in comparison with San Francisco and the East. But so long as even one or two houses are selling eastern one-pound prints at 22 cents, this will have the effect of drawing consumption to that kind and away from others which may cost close to 30 cents. The difference is too much. Cheese is very firm for all kinds.
Potatoes have no change. Supplies are mostly too green for long holding, and large retailers are disposed to be content with five-cent lots, who would take fifty sacks of the stock would carry long. Wholesale houses hesitate about taking a carload, preferring to divide a car with one or two neighbors.
New corn is in the market, and is pretty well all out of first hands. A well-informed railroad man estimates the amount unsold at twenty-five carloads. Prices are firm and buyers are waiting for a better price. New corn is coming in, and will soon come freely. The cure in this end of the State will be small. Some buyers are paying about 60¢ per sack for small lots of choice to fancy fruit. Jobbers are selling at 60¢ per sack, and are not in a position to make a profit. It looks as if poor cheap peaches would be scarce.
Figs are plentiful at cost and down to 10¢ per sack. Some are selling at 10¢ per sack. Fine red apples are up to \$1.35 in a small way for the best. Common apples sell at 40¢.

GREEN PEAS AND EGG PLANT are down to 40¢ cents.

A DANGEROUS CURVE.

The Barman Seriously Hurt in a Street-Car Collision.

A collision between electric cars on the University division of the Los Angeles Railway Monday evening resulted in the serious injury of Ike Barman of the firm of Barman Bros., cigar-dealers.

Mr. Barman was en route to his home on West Twenty-fifth street, and occupied a seat at the extreme front of a south-bound car. At the turn at Estrella avenue and Twenty-third street, the north and the south-bound tracks so nearly approach each other as to make it impossible for cars traveling in opposite directions to make the curve at the same time without collision. It is customary when cars meet there, for the south-bound car to have right-of-way. Yesterday evening, through some misunderstanding of the rule, the north-bound car did not wait for the other to clear the curve, but both proceeded to make the turn at the same time. The result was a collision. Mr. Barman was thrown violently against the side of the car, and he was broken, and there were no outward signs of serious injury, but the patient suffered such intense pain that he was put under the influence of opiates.

Mrs. W. G. Bradshaw, living near by, on Estrella avenue, offered the hospitality of her house to the injured man, but he begged to be taken to his home. With a pillow loaned by Mrs. Bradshaw he was made as comfortable as possible aboard the car, which proceeded on its way after a short delay. When Mr. Barman's getting off place was reached the trainmen and passengers helped him into his house, where Dr. Alexander attended him. No bones were broken, and there were no outward signs of serious injury, but the patient suffered such intense pain that he was put under the influence of opiates.

It was at first feared that Mr. Barman had internal injuries which might prove fatal, but after a close examination made at a consultation of physicians yesterday, the anxiety of friends was relieved by the announcement that the patient's condition was not dangerous. He will be kept in his home for a week or ten days, but no permanent impairment of his health is anticipated.

No other passengers on either car were hurt, and the cars themselves were only slightly damaged.

County Clerk W. W. Phelps of Riverside was in the city yesterday.

Grant I. Taggart, forest supervisor of the San Jacinto and Trabuco reserves, was in the city yesterday.

Charles O. Goodwin will leave today for a two months' business trip to St. Louis, and other eastern cities. He will be accompanied by his father, Dr. J. W. Goodwin, of Pomona.

Ex-Mayor John Bryson will leave the city next Sunday for New York. He will sail from that city during the following week. He hopes to remain at least a year. He will make his headquarters in Paris, and proposes to visit all the more important cities on the continent. In spite of his age, 61 years, he declared he proposes to "do" Europe in the most approved fashion. He may also visit Asia and Northern Africa.

For the Cycle Path.

At a meeting of the Associated Cycling Clubs at the rooms of the Sunset Wheelmen Monday night, the fund for the building of a bicycle path to Santa Monica was started by a subscription of \$300. A Finance Committee, consisting of J. S. Thayer, Jacob Abramson and L. H. Schwaeb, has been appointed by the Associated Cycling Clubs, and the League of American Wheelmen to handle all the cash subscribed. This committee is entirely distinct from the Committee on Construction that has been forwarding the movement thus far.

AFTER WOLFSOHN'S PELL

ST. LOUIS RELATIVES ARE NOW OUT FOR THE STUFF.

Alleged Further Identification of the Mysterious Suicide—That Ten-thousand-dollar Insurance Policy is a Tempting Bait.

The St. Louis relatives of Aaron Wolfsohn, who refused to have anything to do with the body or effects of the mysterious young Hebrew who committed suicide in this city several weeks ago, after carefully concealing his identity, have changed their minds about the case and are now asserting their claim to the \$10,000 life-insurance policy which is believed to have been written for the deceased by the resident agent of the New York Life Insurance Company a few months prior to his death.

When the body of the suicide was identified as probably that of Wolfsohn, the St. Louis relatives were notified, and they practically admitted the correctness of the identification. So far as ascertainable for publication, however, they never offered to defray the funeral expenses, and the body would have been interred in the potter's field but for the intervention of a mysterious person who volunteered to stand the expense of decent interment in Evergreen Cemetery, on the alleged condition that the undertaker would not let any one know who was paying the bill. Undertaker Howry claimed that he pledged himself to keep the secret, and thus far he has not dropped a hint as to the identity of the person who is said to have prevented the body of the mysterious suicide from going into a pauper's grave.

The local managers of the New York Life Insurance Company, who expressed the belief that the suicide was Wolfsohn, and that a \$10,000 policy in full force was awaiting delivery to his lawful heirs, Public Administrator Bushlog considered it his duty to look after the administration of the estate. Accordingly he applied for and was granted special letters of administration. He then demanded possession of the Wolfsohn insurance policy, which had remained all the while in the hands of Agent S. A. D. Jones. Mr. Jones delivered the policy document to Public Administrator Kellogg, who retains it pending decision by the courts as to who are the lawful beneficiaries. Judge Jones, who had been appointed James Burdette, Esq., as attorney for the non-resident heirs. Thus it will be seen that the Public Administrator and at least one local attorney stand a show of getting a share of the \$10,000, which the insurance company expresses a willingness to disburse as soon as it becomes known definitely who are the lawful heirs.

Now come E. J. and O. J. Bamberger, attorneys of this city and San Francisco, and allege that they have been retained by the Wolfsohn family in St. Louis to look after their interests in the matter. There was received at Bamberger Bros.' office in this city on Monday from St. Louis, a photograph of Aaron Wolfsohn taken in life. It resembles much the likeness of the suicide taken after death. The lady of the lodging-house where the suicide was committed has seen the photograph and she believes it to be a picture of her late unfortunate lodger. The man represented in the photograph had a flowing mustache, such as the suicide had up to within a few days of his death, when he clipped off the ends so as to alter his appearance materially. The local representatives of Bamberger Bros. believe identification of the suicide as Wolfsohn to be complete, and they will endeavor to enter into an amicable arrangement with the Public Administrator to secure payment of the \$10,000 policy to the St. Louis claimants.

It is probable that some interesting questions will be raised before the courts determine finally who are the lawful heirs. There is enough money at stake to make it worth while for the limbs of the law to make a hard wrestle. It is hinted by persons connected with the case that interesting developments are on the tapis and that they may not prove altogether pleasant to the "who have all along been unwilling to disclose what they know about the strange case."
